— Raw

Raw is a decorative trend that bets on the selection of natural materials for interior design. A style that pursues a clear objective: to preserve the essence and appearance of materials in their natural state. But Raw is more than a trend; it is a current that comes ready to resignify the spaces and return us to our roots.

Our Raw collection is in every corner of the home, since, through the confluence of techniques and inspirations, it offers a wide and versatile range of finishes. Wood, cement, rust, neutral colors and soft reliefs are just a sample of what Raw has to offer. This series is capable of providing any home with a visual continuity that, far from being linear and monotonous, is loaded with decorative richness. In addition, it incorporates a new floral decoration -Polan- which presents a total of six different graphics with continuity between them and whose design is reminiscent of wildflowers.

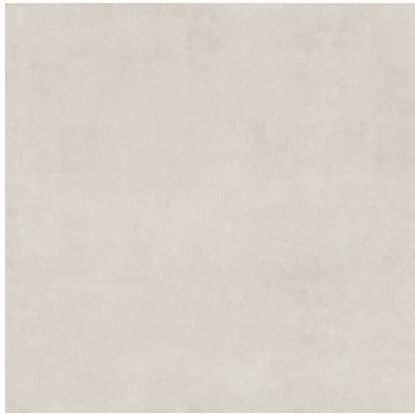

Raw es una tendencia decorativa que apuesta por la selección de materiales naturales para el diseño de interiores. Un estilo que persigue un claro objetivo: preservar la esencia y el aspecto de los materiales en su estado natural. Pero Raw es más que una moda; es una corriente que llega dispuesta a resignificar los espacios y devolvernos a nuestras raíces.

Nuestra colección Raw se cuela en todos los rincones del hogar, ya que, mediante la confluencia de técnicas e inspiraciones, ofrece un abanico de acabados amplio y polivalente. Madera, cemento, óxido, colores neutros y relieves suaves son solo una muestra de todo lo que Raw nos puede ofrecer. De esta forma, es capaz de dotar a cualquier hogar de una continuidad visual que, lejos de ser lineal y monótona, está cargada de riqueza decorativa. Sin ir más lejos, incorpora un nuevo decorado floral -Polan-, que presenta un total de seis gráficas diferentes con continuidad entre ellas y cuyo diseño recuerda a las flores silvestres.
